

Locked-In Freshness

When choosing packaging for your product, you need a strong, attractive container that will keep your products bakery-fresh—from oven to store to home. With crack-resistant, stackable packaging, PWP provides all of this and more. Our packages are made with only the highest quality thermoformed PET, ensuring crystal clarity, durable designs, reduced spoilage, and protection from damaging odors and freezer burn.

**For innovative package designs and locked-in freshness, look to PWP.
The Ultimate Packaging Visionaries.™**
